The Tiguan

Impressive.**From every angle.**

With its sporty and striking design, the Tiguan leaves no room for doubt: this is an SUV that is ready for whatever everyday life brings. Its new silhouette is characterised by powerful proportions and dynamic lines. Progressive design highlights such as newly crafted front section with optional IQ.LIGHT HD matrix headlights, the muscular rear section with LED light strip and a selection of new wheel rims underscore its superiority.

Get in and **leave everyday life behind**

The Tiguan welcomes you at a whole new level. And we don’t just mean its high-quality interior, the centre console with new functions, the optional Discover Pro Max navigation system with 13 inch.

IQ.LIGHT **Taillights**

Prepare to leave a truly lasting impression. The Tiguan's revolutionary IQ.LIGHT taillights are a masterpiece of design and innovation, captivating all who follow. With dynamic light functions and a striking three-dimensional signature, they don't just define your Tiguan's distinctive style – they illuminate your journey with unparalleled clarity. This intelligent LED technology ensures you're seen clearly, day or night, providing superior visibility and adding a sophisticated touch of modern elegance that truly sets your Tiguan apart. Drive with confidence, knowing you're backed by both brilliant design and intelligent illumination.

New driving **experience at the press of a button**

Switch from sport to comfort and back in an instant? It couldn't be easier with the driving experience switch in the Tiguan. Thanks to the new atmospheres, a touch of a button is all it takes to adapt even multiple settings at the same time – from the right background lighting to music playback to air conditioning.

As if you had just switched your Volkswagen while driving.

Colours **Define Spaces**

Depending on the equipment, you can gently illuminate the interior of the Tiguan with just a tap of the finger – and choose from up to 30 colours. Multiple light strips and illuminated decorative elements allow you to create a personalised lighting atmosphere.

Expand **your horizons**

The optional electric tilting and sliding panoramic sunroof is a real eye-catcher. Thanks to its enormous glass surface, it bathes all passengers in more light and offers an unrestricted view of the sky. Its electric roller sun- shade provides protection from excessive sunlight. Would you like some fresh air? The front half of the sunroof can optionally be tilted or extends fully backwards.

Engine,Gearbox	Capacity L / cc	1.4L TSI engine
	Max output, KW(bhp)/RPM	110 KW (150)/ 5000-6000 rpm
