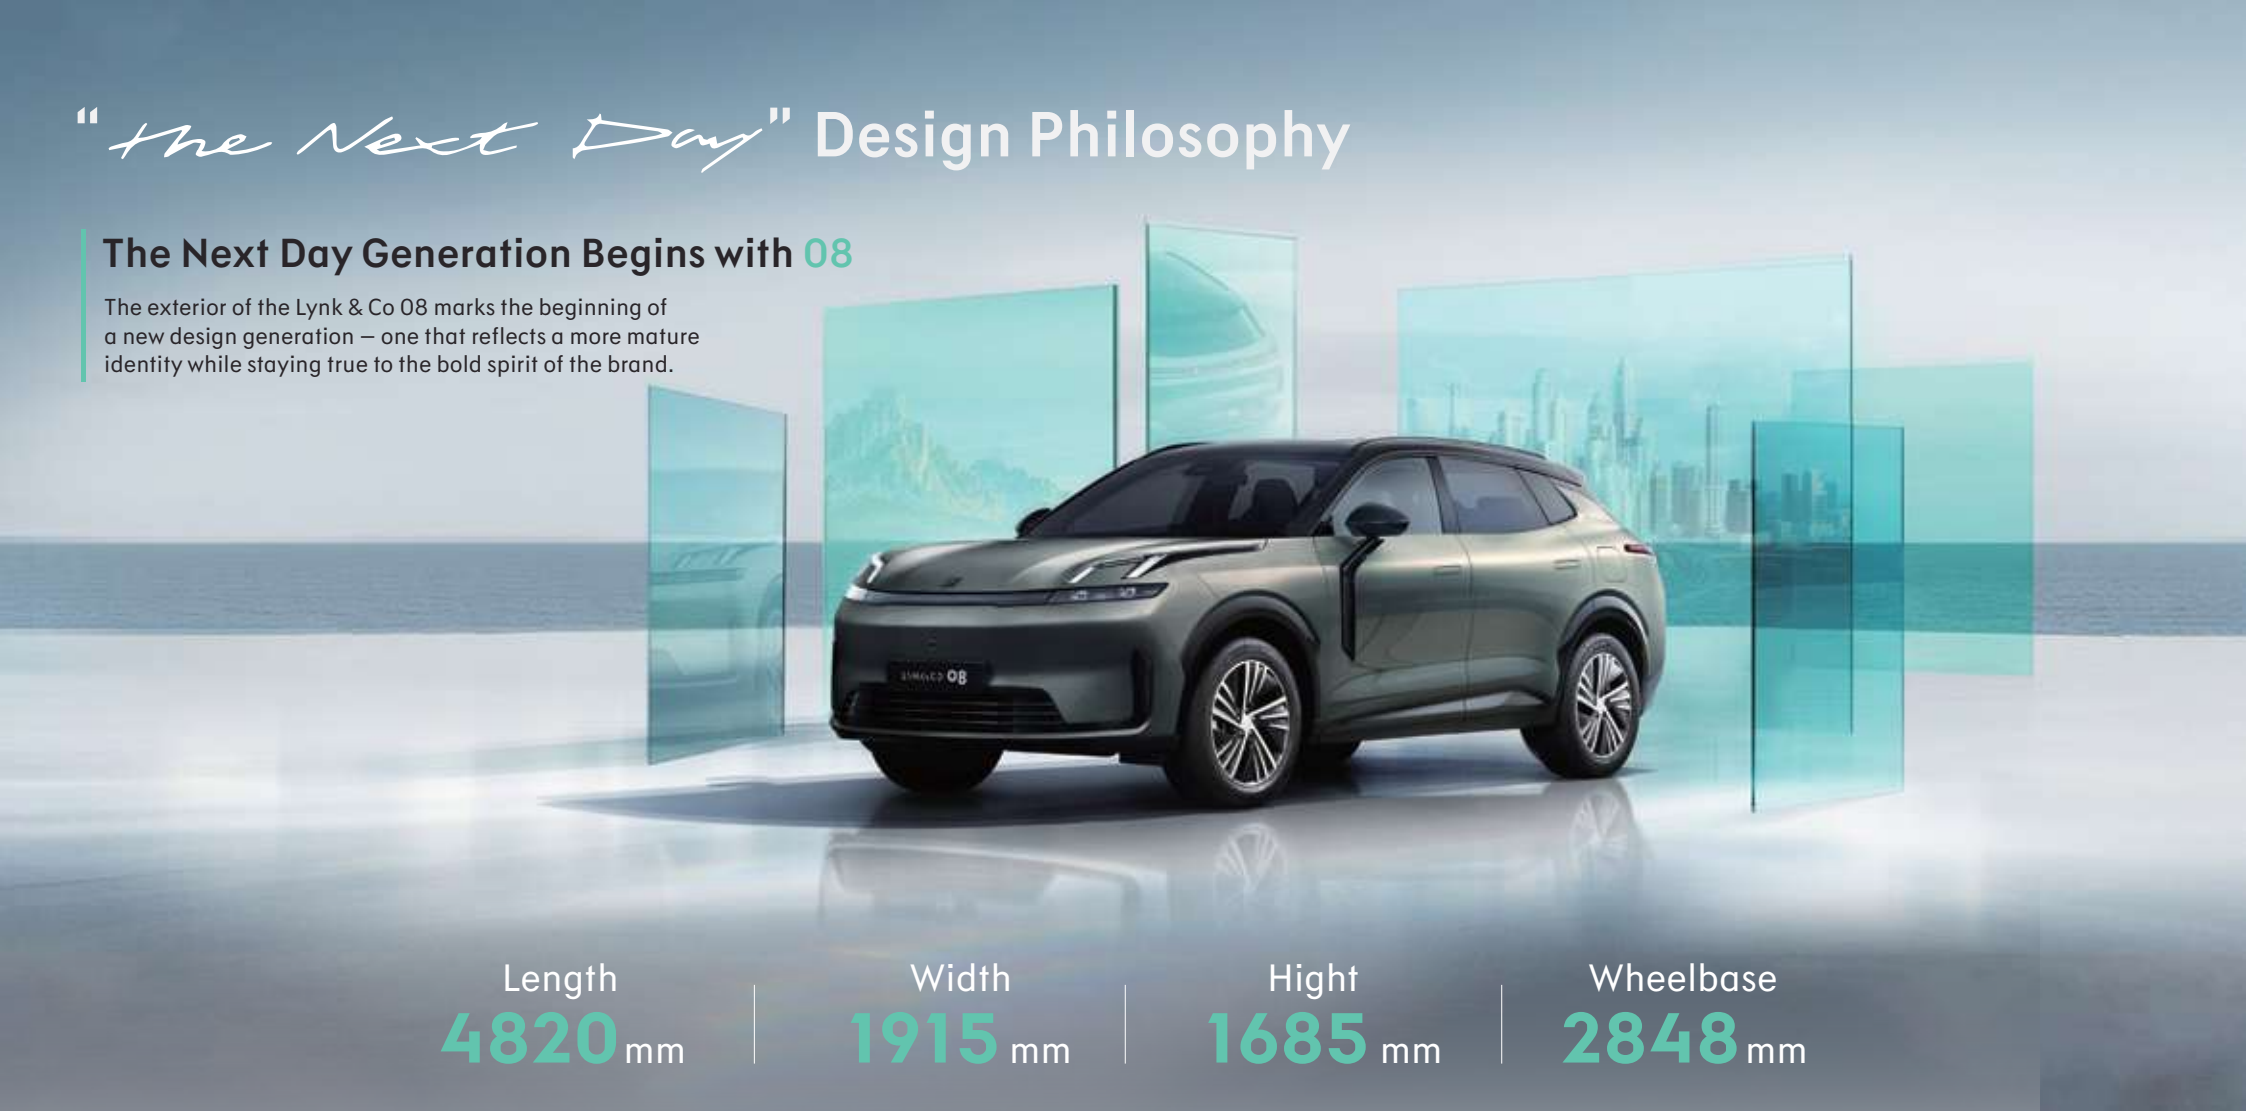
"the Next Day" Design Philosophy

The Next Day Generation Begins with 08

The exterior of the Lynk & Co 08 marks the beginning of a new design generation – one that reflects a more mature identity while staying true to the bold spirit of the brand.



Length	Width	Hight	Wheelbase
4820 mm	1915 mm	1685 mm	2848 mm

Dawn Light Daytime Running Lights

Frameless Door Window

Flush Door

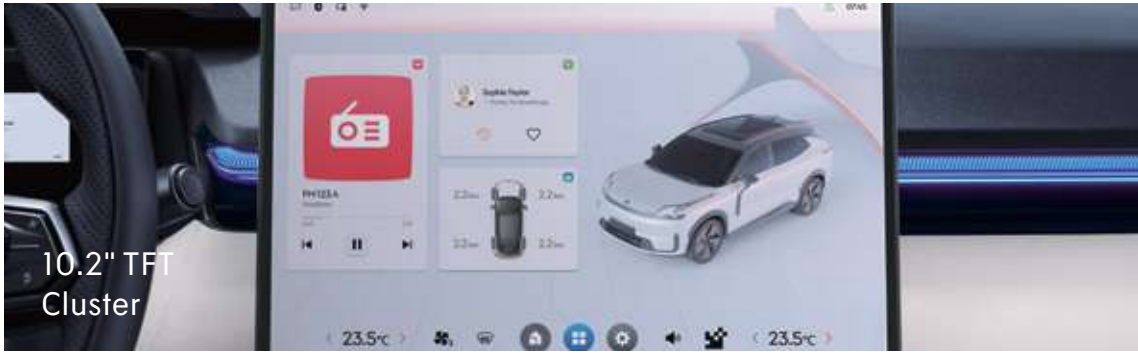
Integral Crystal Penetrating Taillight

1.1m² Panoramic Sunroof

Premium Exclusive Enjoyment

A beautiful travel experience inspired by the Lynk & Co design principles 'Next Premium' and 'Rich Interior', the cabin of the 08 is crafted to enable all five occupants to live unrestricted and enjoy a first-class travel experience on every journey.

Multifunctional
Steering Wheel



10.2" TFT
Cluster

Cup Holders

Oversized
Trunk Space

Nappa Leather Seats

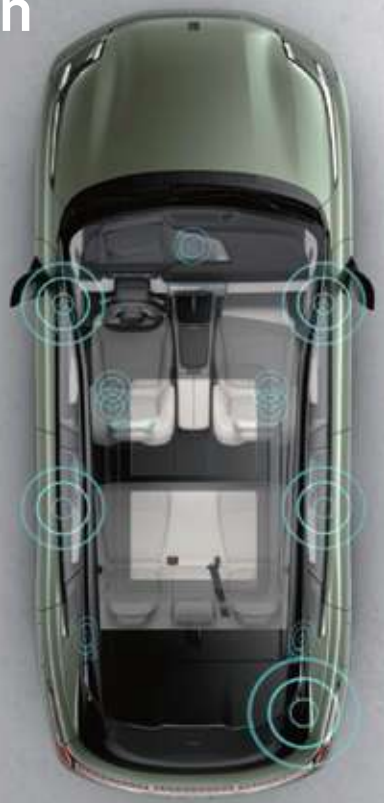
The seat is made of Nappa anti pollution and antibacterial leather material, and supports ventilation, heating, and massage functions for up to four seats.

Headrest Audio System

The highest configuration 40mm headrest speaker supports switching between multiple modes.

Harman Kardon Speaker

An immersive, intelligence, first-class acoustic experience.



Channels	Speakers	Master Tuning	Max.power
7.1.4 Applicable	23	Golden Ear	1600W

5-Star
Safety Protection

Uncompromising safety, every step of the way. The Lynk & Co 08 is engineered with advanced safety technologies designed to protect driver and passengers at every moment.

7 safety airbags

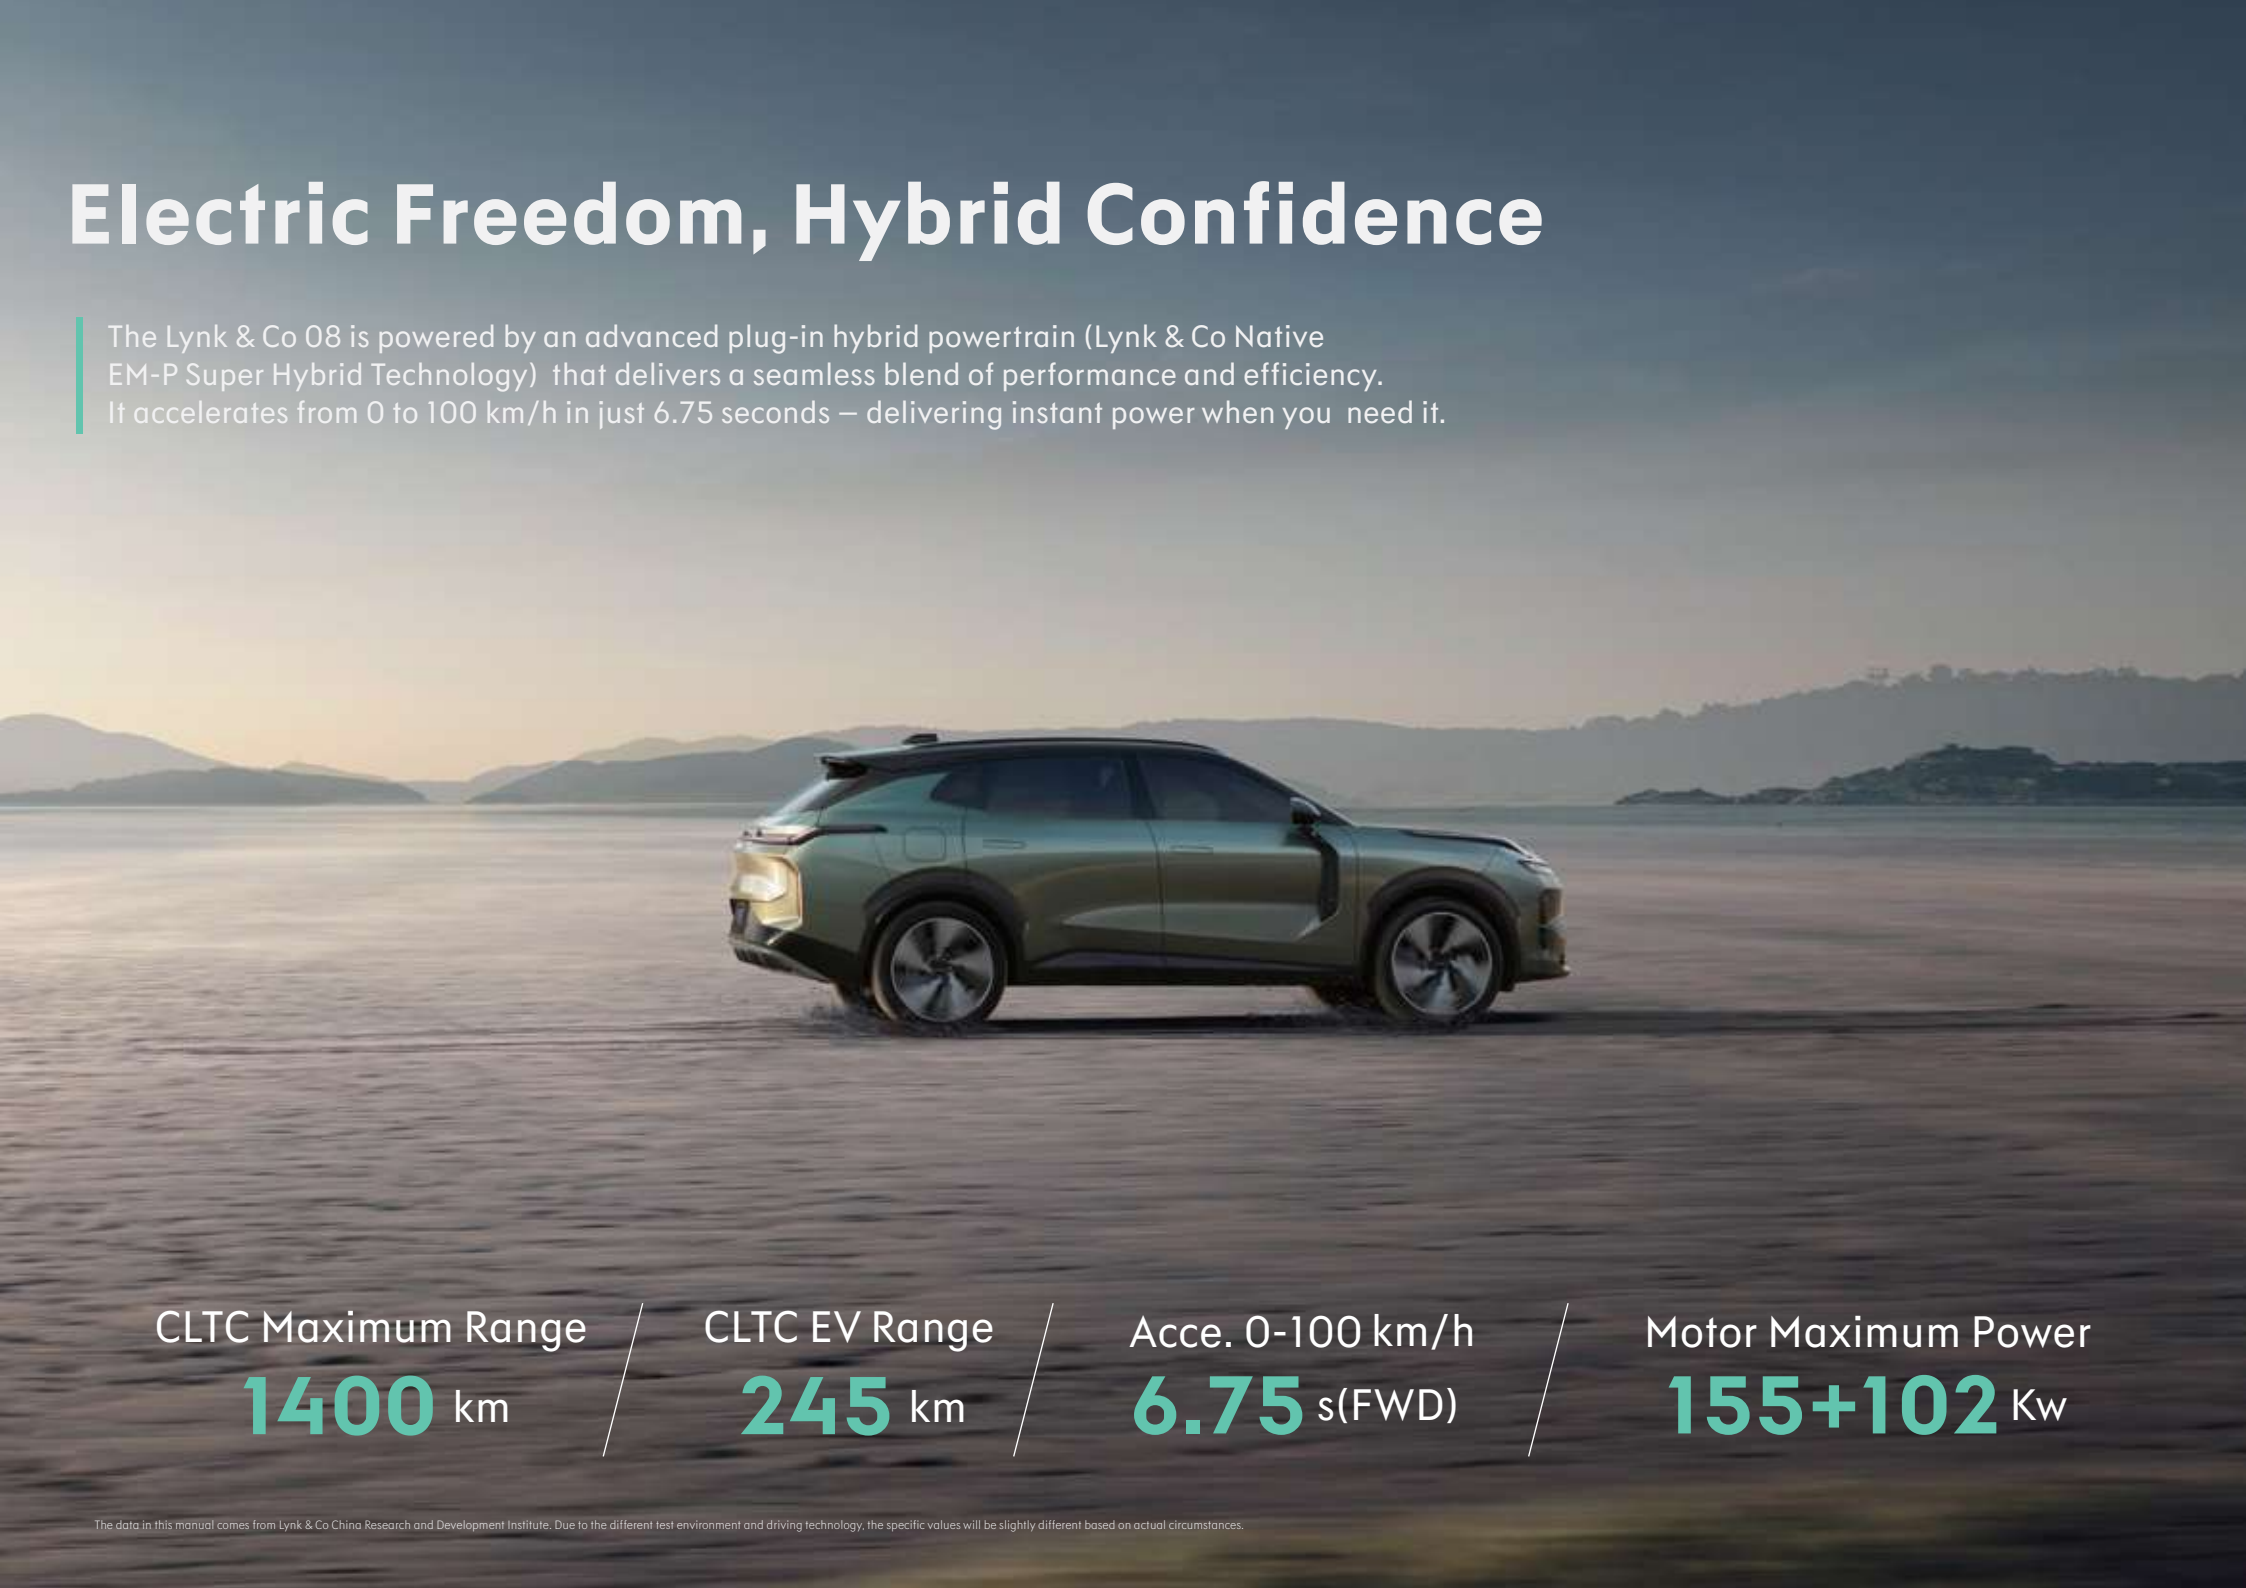
2000mm ultra-long head side curtain airbag
6-second long pressure-holding airbag

High strength vehicle body

7 series aluminum alloy front anti-collision beam
75% white car height strength steel and proportion at alumnum alloy

Electric Freedom, Hybrid Confidence

The Lynk & Co 08 is powered by an advanced plug-in hybrid powertrain (Lynk & Co Native EM-P Super Hybrid Technology) that delivers a seamless blend of performance and efficiency. It accelerates from 0 to 100 km/h in just 6.75 seconds – delivering instant power when you need it.



CLTC Maximum Range	CLTC EV Range	Acce. 0-100 km/h	Motor Maximum Power
1400 km	**245** km	**6.75** s(FWD)	**155+102** Kw

The data in this manual comes from Lynk & Co China Research and Development Institute. Due to the different test environment and driving technology, the specific values will be slightly different based on actual circumstances.

Lynk & Co EM-P
Super Hybrid Technology

Covers all scenarios & all road conditions and provides diversity driving mode for driving enthusiasts.

Core Advantages

- Native Architecture
- Super Performance
- Super Range
- Super E-Feel
- Full-range Power Delivery

Scenario Applications

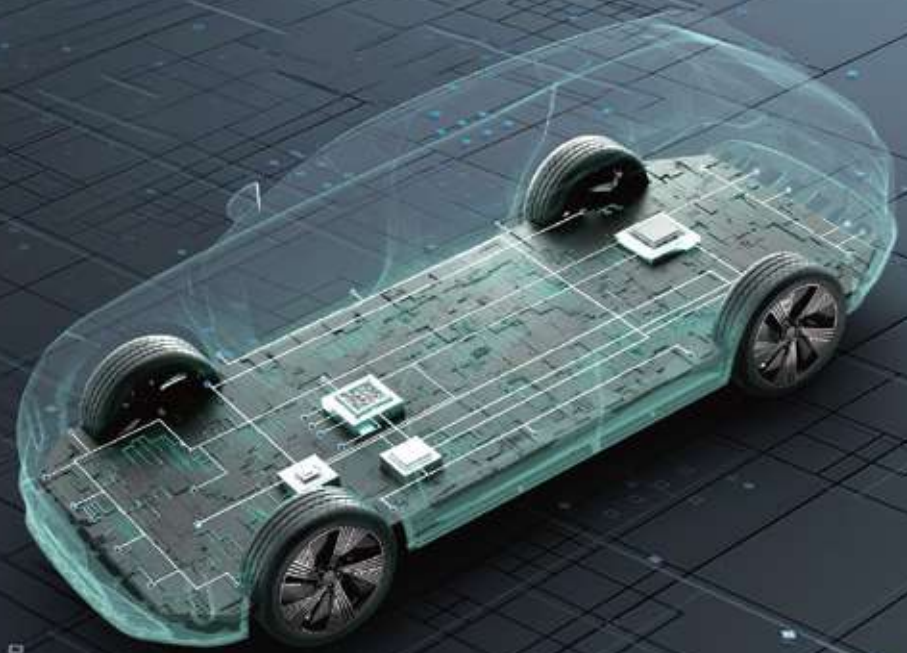
- Urban Commute
- Highspeed Travel
- Cold Environment

0.295 Cd
Drag Coefficient

160+ NVH
Optimization

90% Acoustic Material
Coatingfor The Entire Vehicle

Lynk & Co CMA Evo Native
New Energy Architecture



Stronger performance | Lower fuel consumption

Larger space | Better safety

Faster computing power | Higher intelligence

Lynk & Co Intelligent Driving
